

# Zoë Edwards Color Final

The Colors of My Home

# The Colors of My Home

Mordant: Copper Sulfate

Fabric: Linen, Silk, Denim, Cotton

This project explores the colors around my home through natural dye processes. I used four different fabrics to test the colors of each plant, and used hot and cold processes for those which seemed to have the strongest dyes.

Moss  
Hot Process

Loquat Tree (?)  
Hot Process

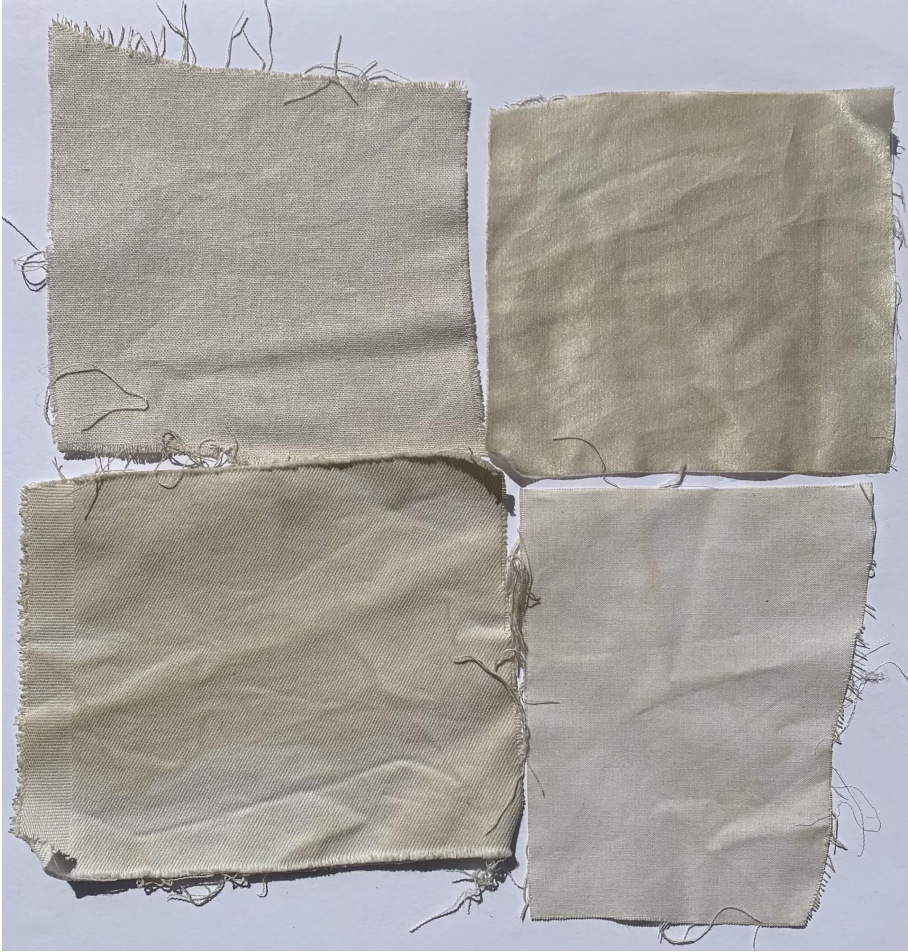

Rose campion (Mullein Pink)

Hot Process

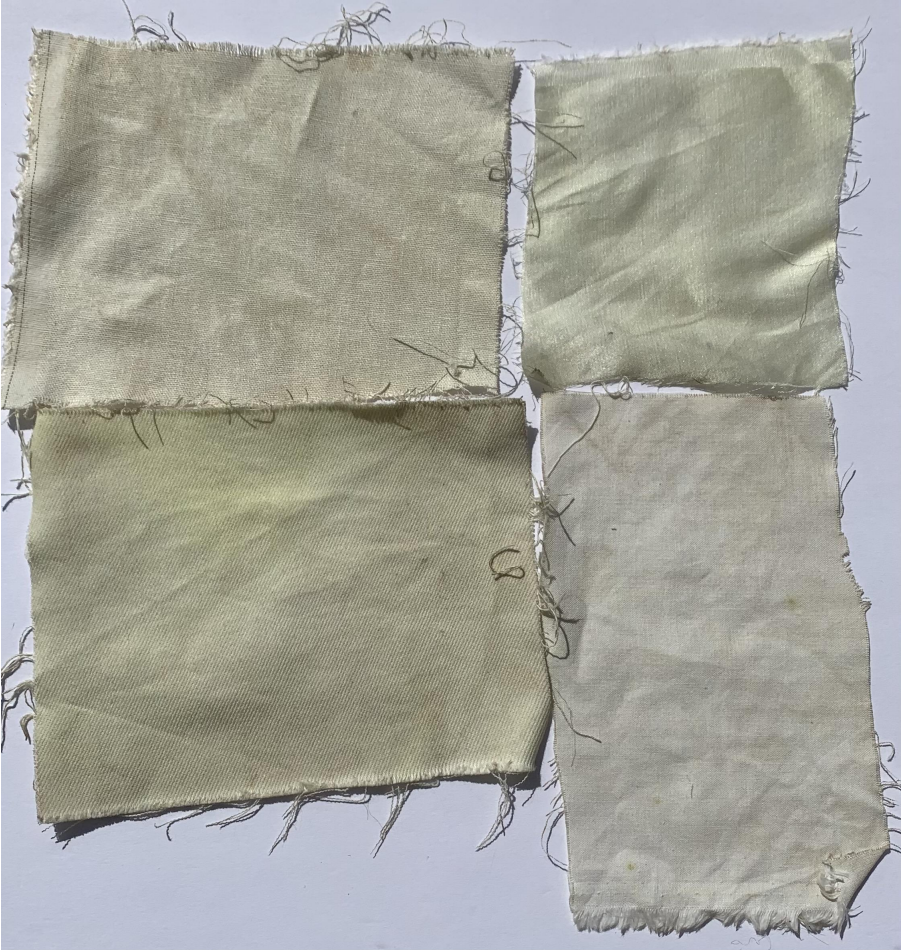

California brittlebush (Bush Sunflower)

Hot Process
